Liquid Nickel Nitrate

Introduction :

Liquid Nickel Nitrate is a green liquid of exceptionally high purity. It is made using a high purity nickel powder and under strict control to ensure a consistent quality. Its nickel content can be adjusted to meet the customer's requirement.

Certificate : ISO-9001 , ISO-14001 , OHSAS-18001 .

Chemical Composition : wt%

| Liquid Nickel Nitrate | | | | | | | | | | | |
|-----------------------|---------|---------|---------|--------|---|--------|--------|---------|--------|---------|---------|
| Ni | Zn | Cu | Fe | Na | Ca | Mg | Co | Cd | Mn | Pb | Cr |
| 14~15 wt% | <0.0005 | <0.0005 | <0.001 | <0.002 | <0.001 | <0.001 | <0.005 | <0.0005 | <0.001 | <0.0005 | <0.0005 |
| PH | K | Hg | Al | S | Analysis Instruments : Ni : EDTA Titration Others Metals : ICP | | | | | | |
| 2.5~4.5 | <0.0005 | <0.0005 | <0.0005 | <0.005 | PH : PH meter | | | | | | |

Appearance : **Green Liquid**

Applications :

Electroplating & Production for Nickel Salts & Colourant (pigments for glass or ceramic) & Battery etc.

Package :

- 1). 5 Gal Pail & 32 Pails per Wooded Pallet, with plastic stretch wrap.
- 2). 55 Gal Pail & 4 Pails per Wooded Pallet, with plastic stretch wrap.
- 3). IBC Tank.
